Re: Tom Hulsey

To Whom It May Concern:

I have had the pleasure of knowing and working with Tom Hulsey since late 2005. Tom assisted the Desoto Police Department with its attempt to record and store digital audio and video from police interactions.

Most recently Tom has been working with me as Chief in Midlothian, Texas to improve our video surveillance in the holding cells as well as perimeter security.

I have found Tom to be enthusiastic about his solutions, committed to finding the best solution for our needs and always honest.

Feel free to contact me as further information is needed.

Respectfully,
